Welcome to the Dallastown Area School District!

We are so excited that you have chosen our school district to make your home. With a dedication to excellence and a reputation as a premier district in the county, Dallastown Area School District's vision is to create and inspire pathways for student success, particularly with the English Learner's (EL) mastery of both conversational and academic languages. To that end, we offer a full range of services to all EL students.

Upon completion of the Home Language Survey at enrollment, if you indicated that your child speaks another language at home, we are obligated by the Pennsylvania Department of Education to screen your child and place him/her accordingly. Screenings are conducted at one of our two EL buildings, either York Township Elementary or Ore Valley Elementary, and in May during *Kindergarten Screening*. You will be required to schedule the screening appointment according to the following chart:

Kindergarten Screening Process

When screening determines a student qualifies for ELD services, it may necessitate a change in building assignment. Transportation is provided to and from the school regardless of the home building.

Please note, all of our schools operate under the same curriculum and assessment expectations. We pride ourselves in developing programs and instruction that are consistent, no matter the building.

Should you have questions or concerns about this process, please contact the school principal or Dr. Barbara Terroso, Supervisor of Federal Programs & Student Services at (717) 244-4021, Extension 3006.
